PROFESSIONAL SUMMERY

Passionate and results-driven Full Stack Developer with hands-on experience in building scalable web applications using modern technologies like React, Node.js, and MongoDB. Strong problem-solving skills with expertise in RESTful APIs, authentication, and database design. Adept at working in agile environments and committed to writing clean, efficient, and maintainable code.

SKILLS

Frontend: React.js | Redux | JavaScript (ES6+) | TypeScript | HTML5 | CSS3 | Responsive Design
Backend: Node.js | Express.js | RESTful API Development | JWT Authentication
Databases: MongoDB | MySQL | Mongoose | Database Design
Tools and Platforms: Git | GitHub | Postman | VS Code

WORK EXPERIENCE

Full Stack Web Developer Intern April 2024 – July 2024
Gladhand Technologies Pvt. Ltd.

- Developed and maintained full-stack web applications using MERN stack (MongoDB, Express, React, Node.js).
- Designed and implemented RESTful APIs with JWT authentication for secure user access.
- Collaborated in an Agile team, participating in daily stand-ups and sprint planning.
- Optimized frontend performance using React hooks, state management, and responsive CSS.
- Managed version control via Git/GitHub.

RECENT PROJECTS

File Sharing & Management Web App (MERN Stack)

- Built a secure file-sharing platform with user authentication (JWT) and role-based access.
- Implemented MongoDB for efficient file storage and retrieval.
- Developed a responsive UI with React.js and Material-UI for seamless user experience.
